

Thanks to the close cooperation between Ms. Riley Yao and Ms. Sherry Xie of ANT-Sinova, the Shenzhen Association of Trade in Services and Mr. Michel Mennema from ANT in the Netherlands, a successful meeting was held between a delegation of over 20 entrepreneurs from the Shenzhen region and ANT. After a presentation on ANT, perfectly translated by Mrs. Mei Lin, many questions were asked on how and where to invest in the Netherlands and Europe. A keen interest was shown in product development (design of furniture), trade opportunities (powder milk,

cheese) and trademark development. All participants were eager to come for a next visit meeting experts on these and other subjects. The leader of the delegation Mr. Xie Xiaobiao presented Mr. Andre Nagelmaker, Chairman of ANT with beautiful gifts and delicious Chinese tea. After a very pleasant Dutch lunch, the delegation continued their visit to the Netherlands. The visit has

proven once more that ANT and Sinova are a powerful and fruitful combination, supporting investments from and to China.
